

Hiram Despain

Lakewood, CO | github.com/HiramDespain | 970-818-1391 | hdespain@mines.edu

Education

Colorado School of Mines | Golden, CO

- **M.S. in Quantum Engineering** GPA: 4.00 Exp. grad: May 2028
- **B.S. in Computer Science** GPA: 3.92 Exp. grad: May 2027

Key Coursework:

Quantum Programming, Quantum Architecture, Algorithms, Compilers, Programming Languages

Projects and Experience

Events Chair; Society of Quantum Engineers - Colorado School of Mines May 2026 - Present

- Coordinate with local industry and schools to create events and a seminar series that push students to network and collaborate with others.

Teaching Assistant (TA); Computer Science - Colorado School of Mines Jan. 2025 - Present

- Identify and fill knowledge gaps that inhibit understanding of algorithms.

CRA Funded Research; Optimization for Distributed Quantum Computing July 2025 - Present

- Investigate and build on research concerning the hardware-aware compilation for distributed quantum computers

Quantum Rings Ambassador; Denver, Colorado Aug. 2026 - Present

- Use and promote the Open Quantum platform, which aims to increase the availability and accessibility of quantum computing hardware

CUDA-Q Circuit Encoder May 2026 - July 2026

- Designed and built a program to convert circuits in CUDA-Q into other useful quantum circuit representations.

Outreach Chair, Society of Quantum Engineers - Colorado School of Mines Sep. 2025 - May 2026

- Plan activities with the purpose of cultivating interest in Quantum Engineering in High-School and Middle-School students

Technical Skills

Languages: C++, C, Python, Java, OCaml

Quantum Computing: Qiskit, Quantum Circuit Design, Cuda-Q, Quake, Open Quantum

Tools & Systems: Git/Github, Linux, LaTeX, Nvim/vim

Engineering & Design: Stakeholder research, Technical sketching, 3d-modeling software

Leadership: Project management, Conflict resolution, Mentorship/Training, Delegation

Additional Information

Citizenship: United States Citizen

Languages: English (Native), Spanish (Fluent)

Awards: Dean's List (x3), Lockheed Martin C-MAPP Scholar
